

**Title:** Customer Interview 3

**Date:** Tuesday 2nd April 2024

**Time:** 14:00

**Duration:** 20 minutes

**Members present:** Sultan Alhaider, Betul Cilenk, Adam Hussain, William Leslie, Maheen Matin, Martinson Yan

Meeting Notes:

- Adam introduced the team
- William demonstrated the changes to the GUI to Martin

Suggested actions:

- Make the following changes to the GUI:
  - implement functionality to check if menus have been approved and if menus have been sent to FOH
  - make sure that pricing values are in float and that they are prefixed by the "£" sign
  - each ingredient entry in the inventory section must have information regarding units and prices
  - each staff entry in the staff section and each instance of the limits must be date-dependent
  - all date values must be in the "DD-MM-YYYY" format
  - the current menu entry must be the first entry displayed in the menu section
  - the edit menu section must have a clearly visible "save changes" button
  - consider changing the back button to a home button
  - the dates for each menu entry currently overlap - this should be remedied
